Attachments: Notice of Award - A009013194.pdf

Hi Jer,

The \$150,000 was available to be used for that project as of the date of Amy's message.

And attached is the final assistance amendment for ARB's remaining FY20 funding. 😊

Thanks!

- Angie

Hi Angela,

It's for the project in Amy's message to ARB. Is the \$150,000 funding from FY18 available to use right now or do we have to wait until we receive the notice of award FY20?

Thank you,

Jer Yang

Hi Jer,

Are you referring to the Imperial Valley/Mexicali project mentioned in Amy Zimpfer's message to ARB in April? If so, the funding was originally awarded to CARB in FY18 for the installation of a speciation monitor at the Calexico station, but is now approved to be used for the Imperial/Mexicali project instead. Here's the table from the email:

Agency	Project	Target Output	FY20 Funding	FY18 Funding
CARB	Imperial County/Mexicali PM and ozone air alert and forecast mobile app and website	<ul style="list-style-type: none">• Conduct air quality forecasting and alerts• Update website layout and graphics.• Add monthly and annual reports.• Add data analysis for high-PM_{2.5} events.	\$12,000	\$150,00
CARB	Assist the City of Mexicali to develop a Purple Air correction factor for the region/season	<ul style="list-style-type: none">• A correction factor for their Purple Air sensor network, which Mexicali plans to use to issue AQI alerts to residents	\$10,000	
CARB	Support SPA with standards certification	<ul style="list-style-type: none">• QA/QC consumables	\$5,000	
CARB	Assist the City of Tijuana set up a 50 sensor network	<ul style="list-style-type: none">• Sensors• Training in Tijuana.	\$18,000	
CARB	Train SPA (Baja) and City of Mexicali on air monitoring station calibration	<ul style="list-style-type: none">• Training	\$5,000	
CARB	Salton Sea Community and Researchers Task Force (1 year)	<ul style="list-style-type: none">• Convene university and college investigators, members of state and local agencies, non-profit organizations as well as community members.• Two task force meetings/year.	\$75,000	

If you are referring to an FY21 project for Imperial Valley/Mexicali, EPA management usually approves funding for new projects in the Spring.

Please let me know if you are referring to funding for a new FY2021 Imperial County/Mexicali project, or the one shown in the table.

Thanks!

- Angie

Hi Angela,

Do you have an estimated time of when we might find out if the allocation to the Imperial Valley project is approved and when we might get the funding for this grant?

Thank you,

Jer Yang

Hi Jer,

You can apply for an additional \$105,000 to extend this project, however I cannot guarantee the funds will be awarded in your final FY21 amount until the extension is officially approved by my management and it is determined additional funding will be available in FY21.

Thanks!

- Angie

Hi Angela,

We would like to request an allocation for \$105,000 to the Imperial Valley and Mexicali Air Quality Alerts and Forecasting project. This is an additional project that will be included in the application that was not listed on the initial "Please Apply letter". Attached is the overview and justification for additional funds.

Please let us know if you need anything else.

Thank you,
Jer Yang

Hi Jer,

I am not aware of any additional special projects to be included in your FY21 grant at this time. The FY19 grant includes funding for several projects, and I intend to extend the project/budget period for at least another year once I receive justification for the currently funded special projects.

The estimated PAMS amount is \$4,159. This is included in your base funding amount.

I hope this helps.

Thanks!

- Angie

Hi Angela,

I didn't see any funding allocated to projects / PAMS. Could you please confirm there are no projects for FY21?

Thank you,
Jer Yang

Good Afternoon,

EPA Region 9 invites the California Air Resources Board to apply for CAA 105 funding for Federal Fiscal Year 2021. Attached are your "Please Apply" Letter and application guidance documents.

Your final application should be submitted through Grants.gov by **June 30, 2020**.

If you have any questions or concerns, please feel free to call or respond to this message.

Thanks!

- Angie
